ABOUT ME

Aspiring Frontend Developer skilled in React.js, JavaScript, HTML, CSS, Bootstrap, and modern frontend technologies. Passionate about building fast, scalable, and maintainable web applications with a strong focus on clean code and performance optimization. Proficient in RESTful API integration, state management, and component-based development. Always eager to learn and implement the latest web technologies.

EDUCATION

UG - Bachelor of Engineering - Computer Science and Engineering
St Xavier's Catholic College of Engineering, Chunkankadai | **2021-2025**
CGPA - 6.2

High School - 12th
Sri Visalakshi Kalasala Higher Secondary School| **2021**
Percentage - 76.78%

SSLC - 10th
Sri Visalakshi Kalasala Higher Secondary School | **2019**
Percentage - 62.20%

INTERNSHIPS

1. ALO INFOTECH

FRONT END DEVELOPMENT

1. Built Responsive Web Pages:
Designed and developed responsive and mobile-friendly websites using HTML, CSS and Bootstrap, ensuring consistent layout across devices.

2 . Developed Interactive UI Components with React:
Created reusable and dynamic components using React.js, managing state and props to enhance user interaction and efficiency.

3 . Implemented Styling and Layouts Efficiently:
Used Bootstrap classes and custom CSS to implement visually appealing layouts with clean, structured code.

---

2 . EXLife SOLUTIONS :

React JS :

1 . React JS Development:

Completed a one-month intensive internship at Exilife Solutions, gaining practical skills in front-end web development with React JS.

2. Hands-On Experience & Performance:

Gained valuable hands-on experience with React JS through curriculum-specified training, demonstrating excellent performance throughout the program.

3 . Industry Exposure & Technical Refinement:

Acquired industry exposure and refined technical abilities in React JS through dedicated participation in an intensive program from June 17th to July 12th, 2024.

PROJECTS

1 . PERSONAL PORTFOLIO WEBSITE

- Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase
- projects, technical skills, and resume.
- Designed with a responsive layout and clean UI to enhance user experience and visibility.

2. SMART TROLLEY WITH AUTOCHECKOUT AND THEFT DETECTION

- The IoT-Based Smart Trolley is designed to automate billing in supermarkets using a barcode scanner and weight sensor.
- It allows users to scan items while shopping, displays the total cost in real-time, and enables automatic checkout without waiting in queues.
- Theft detection is implemented by comparing the scanned item details with the trolley's weight to prevent unpaid item removal.

CERTIFICATIONS

1 . Front end Development by **Alo Info Tech.**

2 . React JS by **EXLife SOLUTIONS**

3 . Cyber Security and Hacker Tactics Awareness Training by **Infosys Springboard.**

4. "I possess both **NCC 'A' and 'B' certificates**."

SKILLS

1 . HTML

2 . CSS

3 . Bootstrap

4 . JavaScript

SOFT SKILLS

1 . Team Work

2 . Time Management

3 . Dedication

4 . Self-motivation

5 . Patience
